How to Handle Market Volatility

After a record 2020, many market forecasters are predicting a pull back in 2021.

However, there are just as many forecasters predicting the market will continue its historic rise. The truth is no one really knows and the outcome for 2021 will be determine by factors we can't control. Whether they are political, economic, health issues (like 2020), inflation, taxes, and a number of others all we can do is guess.

So how do you protect your portfolio from market volatility?
